

TACTICAL BACKPACK CZ 4M ODT 25

INSTRUCTIONS FOR USE

Please read before use.

Main elements

- Large main compartment of the backpack
- Two smaller chambers with organizational pockets
- Back system with Tubular Stripes™
- Front carved MOLLE binding
- Strength strap MOLLE binding on the sides
- Compression straps that reduce the volume of the backpack
- Detachable waist belt
- Adjustable chest strap
- Padded anatomical carrying straps

Waist belt

The lumbar belt of the backpack can be removed if necessary. Insert your hand between the waist belt and the backpack, peel off the Velcro and pull the waist belt to the side.

In case of damage to the main zipper, use compression straps located on the sides of the backpack for emergency "closing" of the backpack.

Maintenance

Maintenance and cleaning

Common dust is possible to remove from the backpack blowing with compressed air. For basic cleaning is possible to use clothes brush also. Do not use rough brushes of steel brushed at any case.

It is not possible to wash the product of dry-clean. There is danger of damage or loss of camouflage properties. In case the product is dirtier you can use shampooing. For shampooing we use gentle brush and soap solution or gentle detergent solution. After cleaning let the backpack cover dry well at shaded place.

While cleaning:

- **Do not use bleaching agents.**
- **Do not use boiling or hot water.**
- **Do not use acids, lye, and solvents.**
- **Do not expose to heat emitters or direct flame (stove, heat gun etc.).**
- **Do not leave unnecessarily exposed to sunshine but let dry at shadow.**

Using of insect repellents and deodorants

We do not recommend use of insect repellents directly on backpack (disarraying of camouflage attributes) or leaving unwanted color stains.

Guarantee conditions

General guarantee period is 24 months from day of purchasing. Guarantee is valid for material defects, manufacturing, and hidden manufacturing defects. Guarantee is not valid for defects from standard usage of product such as wearing, tearing but also due to special use of product defects caused by combat activity. Guarantee is not valid also for defects caused by improper use or caused with intention.

Repairs

In case it is necessary to make any repair on backpack, both with or without guarantee, the producer reserves the right to accept for repair only such pieces of equipment, which are cleaned and treated by specialized company to prevent any life and health threats to company staff.
